

A One-Stop Solution for Healthy Aging

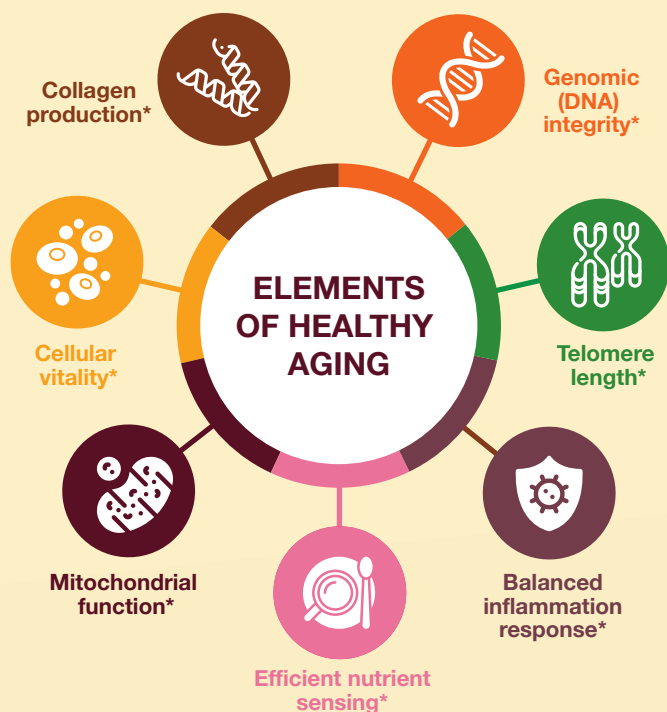

There is no single mechanism responsible for aging, but rather a cluster of biological processes. That's why the most effective nutraceutical interventions support *multiple* elements of healthy aging.

Introducing Injuv® with STGaia®

Give your customers a comprehensive approach to healthy aging. Injuv with STGaia soft gels combine Injuv, a bioactive moisture complex containing hyaluronic acid oligosaccharides and collagen and elastin peptides, with STGaia, a palm-based phytonutrient extract providing squalene and tocotrienols.

The resulting formula supports seven elements of healthy aging, addressing both visible and non-visible signs.*

Injuv with STGaia Supports Healthy Aging in 7 Ways

Injuv with STGaia Advantages

GENTLY PROCESSED: Injuv is made using a low-temperature enzymatic process that preserves bioactivity.

BIOAVAILABLE: Injuv's ultra-low-molecular-weight constituents enable superior bioavailability.

CLEAN LABEL: STGaia's squalene + tocotrienols are extracted without chemicals or solvents.

FULL-SPECTRUM: STGaia provides all four tocotrienols + d-alpha tocopherol.

INNOVATIVE: STGaia was a winner of NUTRAIngredients Asia Awards 2025.

Injuv with STGaia

1 Powerful Formula. 2 Soft Gels Daily. 7 Ways to Support Healthy Aging.

What's Inside Injuv with STGaia

INGREDIENTS

Injuv is a clinically studied bioactive moisture complex — providing hyaluronic acid oligosaccharides, collagen and elastin peptides, amino acids, vitamins, and minerals — that delivers internal hydration across multiple tissues, supporting skin health, joint and back comfort, and eye hydration.*

STGaia is a novel, award-winning complex of plant squalene and full-spectrum tocotrienols/tocopherol that goes beyond merely addressing visible signs of aging to support biological processes happening beneath the surface.*

BENEFITS

Visible

- Preferentially accumulates in the stratum corneum of the skin*
- Supports skin barrier function and hydration*
- Replenishes declining squalene levels in aging skin*
- Protects skin from oxidative and environmental stress*
- Supports skin elasticity and softness*

Non-Visible

- Protects DNA from free radical damage and reduces AGEs*
- Supports telomere length and telomerase function*
- Supports healthy collagen production*
- Activates AMPK, the body's nutrient-sensing pathway for energy balance*
- Encourages healthy mitochondrial function by promoting sirtuin activity*
- Optimizes cellular energy production, supporting cellular vitality*
- Supports a healthy response to inflammation, promoting a balanced internal environment*

Product Code: CA-CC00122A
Product Description: INJUV WITH STGAIA

Supplement Facts

Serving Size: 2 Softgels (1828.00 mg)				
		Amount Per Serving		Calories
				% Daily Value*
